# Scientific programme

Current, practical, scientific information that can be applied immediately by practitioners

The SEVC Scientific Programme is aimed at all European veterinarians, particularly small animal and companion animal practitioners.

The SEVC's mission is to present the latest advances in animal care to the veterinary community in a professional, but fun, environment, by offering more than 200 lectures by more than 100 worldwide experts.

## TUESDAY, 19 OCTOBER 2021

	SURGERY	FELINE MEDICINE SYMPOSIUM - ISFM/GEMFE	MEDICINE
14.00-14.45	Ureteral ectopia in dogs: minimally invasive approach 🇫🇷 <i>Mathieu Manassero</i> 	Feline chronic kidney disease: what's new? 🇪🇸 <i>Jordi Puig</i> 	How I treat... atypical adrenocorticism. 🇬🇧 <i>Andre Kortum</i> 
14.45-15.30	How I treat... feline lower urinary tract obstruction by perineal urethrostomy. 🇫🇷 <i>Mathieu Manassero</i> 	Biochemistry changes in the senior cat you shouldn't ignore? 🇬🇧 <i>Vicki Black</i> 	Approach to pyrexia. 🇬🇧 <i>Andre Kortum</i>
